

Identity/Logo Creation

What does your company Image look like ?

NOLAGraphics is here to assist in the design of a unique logo for your company. NOLAGraphics' expert graphic artists are pros who will partner with you to create a logo as unique as your business is.

Logo design is essential!

A well-designed logo that represents your company is crucial in any industry. A business logo design is the portrait of your company, the very first thing a potential customer sees on your web site. The image that a logo must project in your industry is one major key to re-enforcing your brand presence into the mind of your potential customers.

We create your logo using software that allows a hand-drawn, custom logo - no clip art!

Allow us to help by designing or redesigning your logo to capture your audiences' attention.
